

Wave**Galaxy****Led****Wing****Cielini / Car lightings**

Monitor è sempre al passo con i tempi; lo dimostra questa collezione di cielini disponibile in materiali diversi e con una gamma estetica, che comprende variegate soluzioni estetiche, particolarmente apprezzabili e rispondenti alle più attuali tendenze di architettura, per integrarsi allo stile della cabina o conferire all'impianto un tocco d'originalità. Anche da un punto di vista illuminotecnico i cielini di Monitor offrono differenti soluzioni: LED, dichroiche e neon.

Monitor is always up-to-date; by this way such a car lighting collection is available on a wide range of finishes and aesthetical solutions, all of them particularly appreciated from customers and in line with the latest architectural needs. Our target is a perfect integration or a touch of originality to each lift car style. Moreover Monitor, with such new car lightings, has improved their enlightening effect through different solutions, based upon : LED, dichroic and neon lamps.
